## **Protects as it Cleans as it Sterilises**

**SWS GREEN MAGIC IS  
HEAVY DUTY,  
CONCENTRATED  
MULTI-PURPOSE  
FOOD SAFE, NON-TOXIC  
NON-FLAMMABLE,  
BACTERICIDAL'  
FULLY BIODEGRADABLE CLEANER**

Green Magic is an environmentally friendly multi-purpose cleaner with Bactericidal ANTISEPTIC qualities, which, in one operation is easy to use, safe, and economical, and its specially formulated ingredients kill bacteria to ensure public health is protected.

### **PRODUCT POWER**

Green Magic cleans and sterilises, has highly efficient bactericidal properties to destroy and retard the growth of harmful bacteria. Simply dilute with water in accordance with our instructions on the label attached to the container. Green Magic effectively cleans oil, grease, food residue, grime, animal waste and many other harmful contaminants from most surfaces without risk of damage.

### **GENERAL-CLEANING**

Green Magic as a general guide may be applied in a maximum recommended dilution of 40 parts water to 1 part Green Magic, depending on the surface to be cleaned and the extent of the contamination.

Heavy Duty Cleaning:  
20 parts of water to 1part  
Green Magic.

### **BACTERICIDAL CLEANING**

At the recommended dilution rate of 6 parts water to 1 part Green Magic, the solution contains effective bactericide, which, within 10 minutes of application kills harmful bacteria.

### **TYPICAL USES**

Green Magic is effective on all hard surfaces such as woodwork, paintwork, stainless steel, tiles, walls, worktops, filing cabinets, plastics, air-condition filters, floors, toilets, concrete, etc.

Virtually all commercial, industrial, Public and Health Sectors have a need and use for this product. Such outlets are hospitals, clinics, dentists and doctors surgeries, schools, hotels, catering establishments, toilets and washrooms, food manufacturers, offices, transport, licensed premises, places of public entertainment, indeed, wherever the highest standard of cleanliness and hygiene is of major importance.
